Want to see the tax man finally give something back?

It's not very often that we can actually get some money back from the tax man. And it's not very often that we can give to charity without it costing us a penny. Gift Aid is an opportunity to do both of the above. It's a scheme that enables charities to claim back any tax paid on a subscription or gift. This means for every pound of your fee, RoSPA can get an extra 28p back from the Inland Revenue, and it won't cost you a penny. Tick this box to make your money go further.*

* To qualify for Gift Aid the amount you pay in income tax or capital gains tax must at least equal the amount we will claim from your subscription in the tax year.

RoSPA Advanced Drivers and Riders

Whatever the Weather, Whatever the Condition, Know you are in Control

Take the ultimate test and prove just how good you are!

Calling all drivers and riders!

- Want to get the best out of your vehicle?
- Want to improve fuel consumption whilst helping the environment?
- Want to develop your driving or riding skills to be the best driver or rider you can be?

If so, become a RoSPA Advanced Driver or Rider and prove just how good you are!

What is RoSPA Advanced Drivers and Riders?

RoSPA Advanced Drivers and Riders is a nationwide membership organisation dedicated to improving driving standards, knowledge and skills, providing free advanced driver and rider training to the general public.

Most drivers and riders think that they are both safer and more skilful than the average road user, yet in 95% of accidents human error (mainly unsafe driving practices) is the major cause. It is statistically proven that advanced drivers and riders are less likely to

How to Receive Training

RoSPA Advanced Drivers and Riders has over 50 local groups available to provide free advice and advanced training in preparation for your test for a small annual subscription.

The Groups

Groups have volunteer tutors; they have all passed the advanced test themselves at a high grade and have also been trained and assessed in order to meet the requirements to provide training for the advanced test. They are all registered tutors with RoSPA Advanced Drivers and Riders.

Some approved tutors may have also undertaken further training in advanced driving or riding instruction and have become advanced tutors. They also take re-tests every three years so you can be sure that you will receive a high level of training. To be put in contact with your local group, complete the appropriate sections of the application form and return as directed.

What happens when I join a group?

As a new member wishing to receive training, you will be assigned to one of the group's tutors. You will both agree a convenient training session, usually weekly or fortnightly lasting for 1-2 hours.

As a new member you will use your own vehicle to receive training and the tutors will give you guidance and advice. The sessions are free and there is no limit to the amount of lessons you are given. The groups are fully aware that everybody learns at different paces and a training programme will be developed that best suits you.

Training will continue at a steady pace until your tutor feels that you are ready for your test. Once you have passed your test, the training and guidance through the local group will continue because we feel that a good driver never stops learning, and skills need to be developed to keep up with today's ever changing traffic conditions.

Why not set up your own advanced driving or riding group?

Once you have passed your test or better still if you are already an approved tutor, you can set up your own Advanced Driving or Riding group, ideal for those individuals who want to put something back into their local community, quite an achievement for any individual.*

Damian Wilkinson (became a Gold Driver at the age of 17)

How do I become an advanced driver or rider?

Anybody that holds the appropriate licence can become an advanced driver or rider. The RoSPA Test is regarded as one of the most challenging tests of its type, a proud achievement for anyone. You will need to familiarise yourself with the current issues of Roadcraft and The Highway Code (England, Scotland, Wales) or Rules of the Road (Ireland).

About The Ultimate Test

Your Examiner will do their best to put you at ease and you have nothing to worry about, after all we are here to help improve your existing skills.

The test will last around 90 minutes and the examiner will assess your overall performance; how you respond to what is happening around you and the smoothness with which you use the controls.

On completion of the test, the examiner will grade your performance at either Gold, Silver or Bronze.

In order to maintain the high standards required for such prestigious awards we require that Members re-take the test every three years. After all, good drivers and riders never stop learning!

BTEC Qualification

One of the advantages of the RoSPA Advanced Driving and Riding Test is that it is accredited by BTEC. Once you have completed the advanced test you can upgrade to a BTEC Qualification without having to undergo any further training.*
